Background

China Agricultural Economic Review (CAER) is an academic journal published by Emerald in association with China Agricultural University (CAU) and Chinese Association of Agricultural Economists (CAAE) and listed as one of the SSCI (Social Science Citation Index) journals. CAER is delighted to announce its sixth annual conference in 2014 aiming to explore the related issues and countermeasures of sustainable food in both China and the rest of the world, because the resource constraints and their impacts on food system have become the center of societal discussions in China. Internationally renowned scholars and policy makers will be invited to present and discuss their insights and suggestions at the conference.
